To whom it may concern,

I am the owner who have been living in Lidcombe for 12 year. I am writing to object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 . File: DA2023/0130 .

We used to have a nice and quiet neighborhood around this area. As there are a few hundreds of apartments under construction on Church Street, the inconveniences and noises have been caused to the neighborhood due to the busy traffic, as well as the impact of more dusts caused by the overdevelopment in this area and the lack of green lands.

I hope the council will reconsider this proposal and make a right decision for the community.

Object to the following point:-

- . More traffic congestion.
- . Noise.
- . Dust fumes.
- . Bad smell.

Your sincerely,
