To Cumberland Council,

I would like to object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 . File: DA2023/0130 .

We had a nice and quiet neighborhood around this area. There are apartments being built and already have busy traffic on Church Street, we don't want to see once the transfer station has been built there will be waste transfer trucks going around and causing more traffic congestions. Also, object to the noise and dust fumes and bad smell from the trucks and the Plants from the transfer station.

Most importantly that area is near Lidcombe St Joachim primary school, Oz education childcare centre and Lidcombe public school as well that means it will cause existing health hazard risk, especially for kids! I'm please to let you know I am objecting the case.

Object to the following point:-

- . More traffic congestion.
- . Noise.
- . Dust fumes.
- . Bad smell.
- . Human health hazard risk.

Your sincerely,
