Subject: [EXTERNAL] Objection against organic waste station at church st lidcombe

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Hello,

Please consider this as a submission of objection against this proposal of setting up an organic waste transfer station at church st lidcombe.

This area is close to 2 schools and is a busy, bustling section of lidcombe. Such a facility would cause inconvenience, disturbance, foul smell, mosquitoes and chance of spreading disease.

I strongly oppose this, such a facility should be set up in an industrial area away from residential communities.
