CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Dear Sir / Madam,

HEALTH AND SAFTY

We do not approve of the proposed rubbish tip (Organic Waste Transfer Station, 109A Church Street LIDCOMBE NSW 2141; Lot DP778493.

This will have a significant impact and cause issues in our suburb of Lidcombe NSW 2141. Some of these impacts will include:

1. Health issues. Many health issues, including Respiratory problems, Asthma, Nose, Allergies including skin disorders, Bacteria Illness, Eye disease, Gastro disease, Growth problems, Cancer, Blood infections, Virus's, skin irritations, and many more other ditrimental health problems. Also health complications from contaminants and air pollution.

2. Safety of our Lidcombe streets and community will be impacted. Our streets will be Toxic and full of extra air pollution

Streets will no longer be safe for residents to use and enjoy the area. Also Children will be impacted for the safe use of our streets.

Our children will be at risk.

Extra traffic with unwanted garbage trucks in the area. This is a concern to residents, for safty, what type of truck drivers will be in our community? We will not know if they will be safe drivers and they could suffer with driver fatigue & be a danger in our Lidcombe? What type of extra people will these trucks bring into our community, they could be bad people? We could also experience an increase in crime and Loiters. These extra people can cause crime, and rubbish in our streets and parks, and our Lidcombe will no longer be a safe place to live in.

Our Roads and Streets will no longer be safe. There will be too many trucks on our peaceful & tranquil residential suburb .

3. Essential workers; Essential workers (Doctors, Nurses, Police, Fire Brigade and many others)

living in our Lidcombe will be impacted by Health issues, Traffic issues and a lack of Safty within our Lidcombe. We need our essential workers to continue doing there best in our society and they need a safe and clean area to live in.

4. We must respect the Deceased at Rookwood Cemetry. Our Family and Friends may they rest in peace and not be near a rubbish tip.

We ask that our concerns be taken into consideration, and that Lidcombe remain a Healthy, Safe, Clean & Happy area to live in.

We do not want a rubbish tip at Lidcombe, and suggest that Cumberland Council considers to put the rubbish tip further away from our residential area of Lidcombe, and away from Houses and Apartments, Schools, Children day care centers and Shops at Lidcombe.

We await acknowledgement of this email from Cumberland Council in reference to this objection.
