Dear Sir or Madam

Hello. I am writing to inform you of and express my deep concern about the proposed construction and operation of an organic waste transfer station at 109A Church Street Lidcombe NSW 2141.

I received the letter ref. DA 2023/0130 today and read the online self-service portal (both PAN-312764\_348\_Appendix J - Noise Impact Assessment - DA2023/0130 and PAN-312764\_240\_Appendix I - Odour Impact Assessment - DA2023/0130).

I'd like to express four concerns:

1. Despite the fact that my home will be directly impacted, I couldn't find my address - on the paper submitted by the applicant. My address should have been listed as one of the closest potentially affected receptors.
2. Even if the impact is minimized, I am not sure if this will ensure our well-being, and there has been no thorough consultation or meeting so far.
3. As parents, we are deeply concerned about our son's health because he has asthmatic symptoms.
4. Due to the frequency of trucks on the road, I think the safety of children will be in doubt. My son is 9 years old, and he enjoys going outside and riding his scooter.

Best regards,

Homeowner
