Hi,

I am writing in objection to the proposed organic waste transfer station in close proximity to the Lidcombe residential area as per proposal APPLICATION NO: DA2023/0130
https://cumberland-eplanning.tlcloud.com/Pages/XC.Track/SearchApplication.aspx?id=478662&a=DA2023%2F0130&fbclid=IwAR0bbk6HSH3JuHMtHStP-VNituax9GgvicedDzURdLKNZjYzFz_WcVFeqI

The main reasons for objecting against this proposal

1. The proposal location is in close proximity to nearby residential areas, surely the people proposing this wouldn't like to live next to such a facility
2. There was a similar recycling facility at Chullora not long ago and the stench can sometimes be detected a kilometer away. This facility has since been scrapped, and we are not having another one in our area.
3. The proposed location is situated in a location where traffic is already an issue during peak hours.
4. In general, having an organic waste facility of any sort in a residential area is just wrong.

Regards,
