Good evening,

I'm writing as a concerned resident regarding the proposed rubbish tip to be built in Lidcombe.

The number of big trucks moving around the small roads of Lidcombe will cause congestion, delays and accidents. The air pollution caused by the tip will negatively affect everyone especially the young kids and elderly population. Having a tip here will negatively affect the businesses around Lidcombe and it being around residential areas, it is not a suitable site.

I hope you think twice about further approving this.

Kind Regards,
