Hi Council,

My name is Brian and I live in \_\_\_\_\_ and I've been informed that there is a plan to build a large waste transfer system at 109A Church Street, Lidcombe

I have to say I'm extremely disappointed and disgusted that there is even a consideration to do this

My wife and I moved into this area last Nov due to the great potential of starting a family and proximity to the CBD and now this is at risk due to this potential decision

I don't even have to go into the reasons why this is a bad idea cause it's so obvious but to name a few:

- More traffic congestion
- Disgusting Ordour
- Proximity to residential housing and schools

I would highly recommend the council to scrap this idea and look at other ways to benefit the community

Regards
