Dear Cumberland Council,

This is [REDACTED], I have two children, we lived many years in Lidcombe. I would like to object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 . File: DA2023/0130 .

I lived with my husband and two children, we lived many years at Lidcombe. We had a nice and quiet environment around this area. There are apartments being built and already have busy traffic on Church Street, we don't want to see once the transfer station has been built there will be waste transfer trucks going around and causing more traffic congestions. Also, object to the noise and dust fumes and bad smell from the trucks and the Plants from the transfer station. It will more noise and bad smell, the air will not be clean, we are afraid that our environment won't be safe. We want to give our children a nice environment to live.

Your sincerely,
