Dear councilor,

I would like to object the proposal for proposals for the construction and operation of an organic waste transfer station at 109A church st Lidcombe, DA 778492, file:DA2023/0130. It's already been very busy traffic on Church st and Bachell Ave also the railway st to the Arthur st, it's not able to let more trucks to be here every day. And this is a residential area, this waster transfer station is way too close to the people living around, it is going to further effect the quality of surrounding residents lifestyle. I object to this plan.

Your sincerely,
