To Cumberland Council,

I'm writing to you to object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street Lidcombe NSW 2141 (Lot 1 DP 778492. File DA2023/0130) on the following grounds:

1. **Traffic and transport:** the proposed site is WAY TOO close to the residential area. The high volume of trucks will drastically increase traffic and produce continuous noises and bad impact on local air quality, safety of pedestrians, particularly our children in two local schools.
2. **The hazardous fumes** will impact the health, wellbeing of local residents.
3. **Wastage** goes into our local sewage system and will pollute our land.
4. **The bad smell** from the treatment site will attract rats, pests and rodents.
