Dear Cumberland Council,

I am

I sent an objection email regarding the DA 2023/0130 waste transfer station on 109A Church St Lidcombe.

I have been informed the waste transfer station will be built on the above address and have serious concerns about it. The building of waste transfer site will heavily impact our environment, health. The new waste site will have a bad impact on the traffic of the surrounding area.

I Think the waste site should be built in a remote area not close to a residential area.

Therefore, I clearly object to the plan.

Below are my contact details.
