Dear Cumberland Councillors,

I wish to lodge my objection to the proposed construction at 109A Church Street Lidcombe to build an Organic Transfer Station.

M concerns are:

1. it will cause traffic gridlocks on Church Street and its surroundings due to heavy truck movements. It will generate air pollution and will cause respiratory problems to local residents and road users.
2. the rubbish tip will generate a bad smell, and affect air quality thus impacting people's health and wellbeing.

Please consider the safety, health and wellbeing of local residents and I urge you to reject this proposal outright.

Regards,
